January 2023

Director's Message

Happy New Year! 2023 is here – 12 months, 52 weeks, and 365 days to make our year all that we want it to be.

On that note we have exciting news on our reservation/registration process. We will be going to an online software program through a company called Playground. We are working on the final steps to get the site up and running in the next couple of weeks. We will be sending a letter to you in the coming weeks with everything you need to know to reserve your students place for next year.

What is great about this software is that you not only will be able to register your students but there will be options to pay tuition, communicate with administration and teachers as well as other exciting features.

We are looking forward to the opportunities this program will provide! We appreciate your patience during the transition process.

Lastly as we start this New Year may we all find moments of joy and peace in our everyday lives.
